## elezioni del parlamento europeo il rv mancato

ELEZIONI EUROPEE: il RV mancato annuncia del partito Yaka il partito dell'europa artistico è il partito chi conto il più di membri attivi ed attivisti all'orizzonte delle elezioni europee? Nei cantoni più isolati dell'europa profondo, là o egli sono impossibile di trovare la permanenza o l'inferiore permanente di nessuno partito, dei rappresentanti del partito dell'europa Artistico organizzano manifestazione su manifestazione senza temere il rischio di annegare l'arte nel suo proprio straripamento: acquarellisti di qui o là, sculteurs al tronçoneuse, vidéastes dilettanti, club di punti croce, macchine per maglieria, pittori della 3 età, fotografi del quotidiano regionale, mailartistes della scuola elementare eccetera, coi blogs per milioni gli scrittori non si contano più, i musicisti fanno tutto tanto l'actu in fanfara, djs eccetera!Vela un immenso corpo elettorale di cui le ispirazioni non hanno

attirato diversamente l'attenzione degli eletti che per l'euforia simbolica ma concussionaire che ingrassa gli artisti ufficiali ed alcuni privilegiati sovvenzionati per dire si creatori. Sarebbe facile dal movimento di li riallineati di avere una maggioranza di artisti falliti o no al parlamento europeo. Da qui ad allora si tratterebbe di entrare tanto quanto le manifestazioni riunioni e riunioni elettorali in agitazione dalle proposte costruttive e dei manifesti. La strategia non è niente altro che l'azione artistica, qualunque sia il genere: prestazione, ritratti, ecc...) realizzando la sua estensione politica senza derogare ai principi! come? ciò che è impegnato è là la rappresentazione della scena contemporanea perché il dibattito pubblico passaggio per questa scena dovunque o il paesaggio è un deserto della politica culturale e l'inferiore permanenza virtuale delle sezioni del partito artistico sarebbe la piatta forma manifesta dei principali attori della vita locale: gli artisti.

## INTERNATIONAL FLUXHIBITION #3 - Fluxus Boxes, Cases, Kits and Containers by Contemporary Fluxus Artists

INTERNATIONAL FLUXHIBITION #3 - Fluxus Boxes, Cases, Kits and  
Containers by Contemporary Fluxus Artists

Greetings my fellow Fluxus practitioners!  
Fluxhibition #2 was a great success thanks to all  
of the great contributions see the catalog at:

<http://fluxmuseum.org/>

I had planned on Fluxhibition #3 being in 2010  
HOWEVER a venue become available for this summer  
at The University of Texas at Arlington. I, in  
fact will actually be graduating with a BFA from  
UTA in about a week (after 35 years!). There is a  
current Collage Museum call out for an exhibition  
entitled Thinking Inside of the Box - A Survey of  
Box Assemblage Art see:

(<http://collagemuseum.com/thinking-box-call-for-works.html>) Deadline May 15th ( PARTICIPATE IN THIS ONE TOO!).

I thought that, since I was able to secure the  
university venue, it would be great to invite my  
fluxfriends to contribute a fluxbox for  
Fluxhibition #3 and later I will combine the two  
bodies of box works for an additional exhibit  
later in 2009 or in 2010. So your Fluxbox  
contribution will get at least double exposure.  
SPREAD THE WORD

This is rather short notice so I would appreciate  
it a great deal if you would post the following  
call on your blogs and/or mail out to your email  
lists. If you happen to know addresses for some of  
the old timers, please inform them of this call -  
maybe we could get some first generation  
participation.

My best to all,

Cecil Touchon

Cases, Kits and Containers by Contemporary Fluxus Artists

Call for Works - Deadline: June 30th, 2009 (sooner if possible) No Jury, all works accepted.

Fluxhibition #3 will consist of Fluxus Boxes, Kits, Cases and Containers and/or Fluxus Objects (to be placed in containers or boxes by the museum staff for the exhibit). An exhibition will be held in July at The University of Texas at Arlington, Texas. Works contributed will become part of the permanent collection of the FluxMuseum (fluxmuseum.org) and will be used for additional future exhibitions. A catalog will be produced for the show and available for purchase after the exhibit. Additionally, images of all works will become a permanent exhibit on the FluxMuseum web site.

What to do:

- 1) Create a Fluxus box, case, kit or container - use classic themes or come up with something new.
- 2) Send Fluxboxes, Fluxcases, Fluxcontainers and/or Fluxobjects by June 30th, 2009
- 3) Come to the show if you can
- 4) if so inclined, write or contribute a related essay for the catalog
- 5) When available, buy a catalog of the show.

## Fluxus on the move : les élections européennes et le parti artistique

the horizon of the European elections. In the most isolated cantons of deep Europe, there or it is impossible to find the office(durability) or the slightest permanent employee of no party, representatives of the party of Artistic Europe organize demonstration (appearance) on demonstration (appearance) without being afraid of the risk of flooding

Watercolorists from here or there, sculteurs with chainsaws , video , the club of cross stitches, knitting & macramé , painters of the 3rd age, photographers of the regional everyday life , club du papier maché , mailartistes of the elementary school etc., with blogs by millions the writers do not count any more, the musicians are not in rest....

Voila an immense electorate the aspiration of which do not seem to have drawn the attention of the elected representatives otherwise than by the symbolic euphoria but concussionnaire which(who) manures the official artists and some privileged persons subsidized to say to himself creators.

So the movement of réalignés looks for artists missed to present to the European parliament.

In the meantime it would be a question of entering the debate by constructive propositions and manifestoes as much as demonstrations(appearances) meetings and electoral meetings.

The strategy has to become an artistic action(share) (in the column(section) that we shall want performance, portraits, etc.) give to the action (share) a political extension without breaking the principles!
