Luis Filipe Gomes included this booklet explaining the concept of the box. The tile in the box is a funny one. It deals with all the artforms and than places the new forms and Fluxus as last.

Thanks for this wonderful surprise Luis! It is very much appreciated.

In his booklet where he explains why he wants to give me this precious box he ends with a statement:

**"Mail Art is not what you receive.
But what you intent to do from
that. Mail Art is not what you've
send, but the emotion you create
in the people you've tried to reach."**

very well said!
